MEMORANDUM FOR: RJS, ~~EST~~, ~~ETX~~, ~~DR~~

just what we need -
another verification panel - this
one for NATO.

This goodness-of-heart
gesture might make sense if we
ever get to the point we have
something to verify, but it seems
very premature now.

Suggest we take Bruce's
recommendation (P4) and (DATE) ^{yes}
shall. ^{yes} ^{yes}
